

EP Series

A range of sturdy and light 19" enclosures. Designed to meet IEC 60 297 and DIN 41 494, they accept full-width 84E subracks and cases.

Heights from 2U up to 9U.
 Constructed entirely in 1 mm thick steel.
 Finished in grey graphite epoxy matt paint finished.
 Supplied with ABS plastic feet, tilt-feet in front, fixed feet in rear.
 Ventilation slots in base and rear panel.
 Side panels have recessed handles in ABS, ergonomically disposed for comfort and ease transport.

Basic unit includes: top and bases covers, two side panels, one rear panel, four feet (two tilt-up feet in frontal part), brackets, handles and mounting hardware.
 Supplied flat-pack.

Finish: upper and lower lid and side panels, epoxy painted in graphite grey colour.
 Handles injected in ABS, black colour similar to RAL 9004. Legs in ABS, dark grey finished similar to RAL 7016.

Optional:

- customized dimensions or finish.
- bespoke machining to customer requirements.
- optional castors.

Gamme de coffrets métalliques 19" d'une excellente résistance et un poids minime pour l'ensemble. Construits selon les normes IEC 60 297 (DIN 41494), ils permettent de loger des subracks et des coffrets normalisés de 84E.

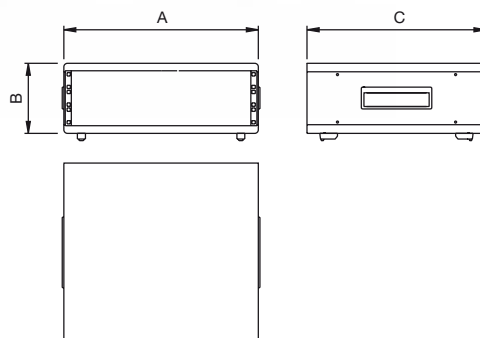

Hauteurs de 2U à 9U.
 Fabriqués totalement en acier, épaisseur 1 mm.
 Finition, couleur gris graphite.
 Fournis avec des pieds en ABS injecté, parois frontales rabattables et postérieurs fixes.
 Ventilation dans les panneaux inférieur et postérieur.
 Poignées ergonomiques en ABS dans les parois latérales pour un transport commode et sûr.

L'unité inclut: Couvercle supérieur, couvercle inférieur, deux panneaux latéraux, un couvercle postérieur, quatre pieds (les deux frontaux rabattables), deux équerres, poignées et visserie.

Finitions: Couvercle, base et parois latérales en peinture époxy texturée mate, couleur gris graphite.
 Poignées en ABS, couleur noire similaire à RAL 9004. Pieds en ABS, couleur gris foncé similaire à RAL 7016.

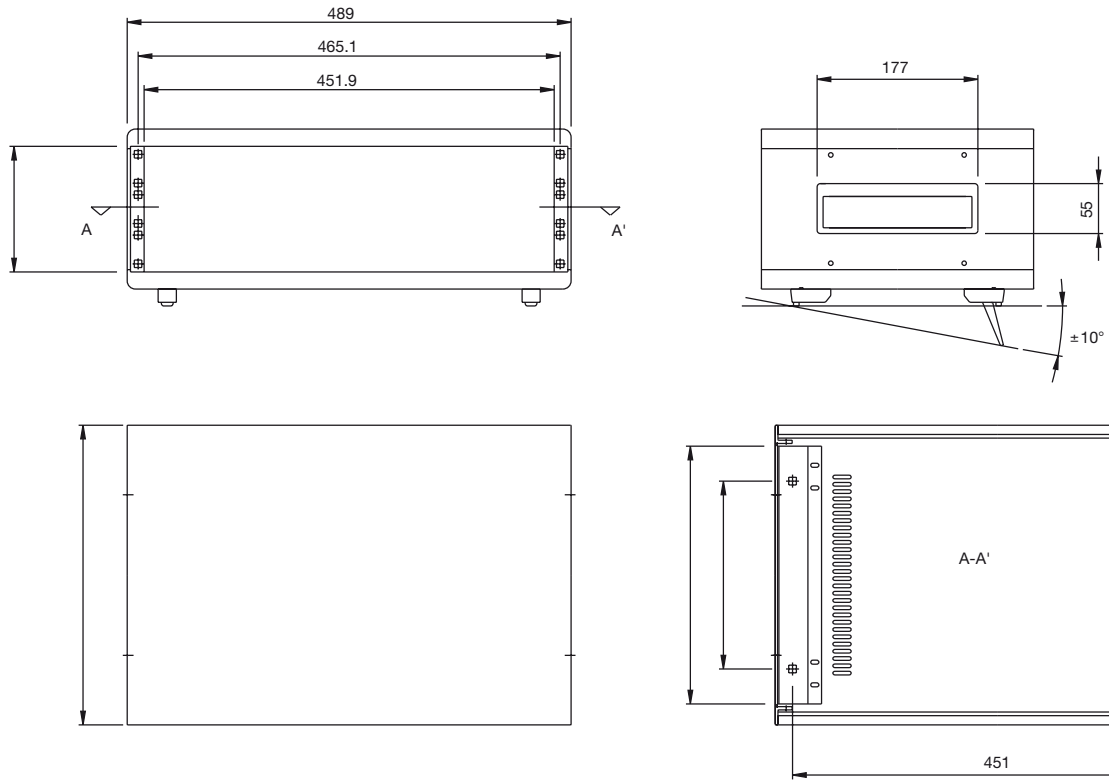

En option:

- Autres mesures et finitions.
- Usinages selon les besoins.
- Roues en option.
